DUFFLE BAG PROJECT

This is a known fact that homelessness is becoming a major problem that increases year by year. The huge number of people who are affected by this serious plague is now exceeds 4 million in the U.S alone, and children contribute to one-fourth of that huge number. As this number of the homeless grows rapidly, scarcity of resources increases day per day. People struggle to get basic services through shelters. Stamper's Barbershop will be hosting, "Feeding the Homeless," October 25, 2014 11am-5pm.
