Understanding Categories

Mixed Techniques - A quilt containing a significant amount of 2 or more techniques used to develop the design of the top.

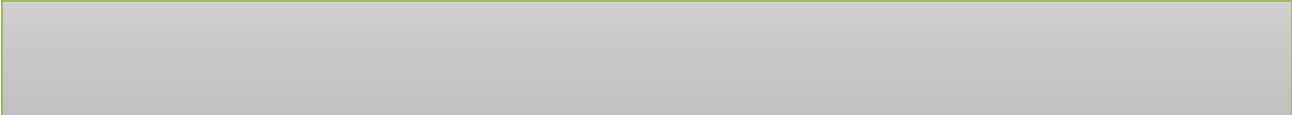

Other Techniques - Example: Art quilts, whole cloth, photo transfer, Cathedral Window, Yo-Yo and Crazy Quilts of the appropriate size will be considered in this category.

Machine quilted not guided by computer would be by the use of any machine, desktop or track, short, mid, or long arm, as the quilter 'hand guides' the sandwich or the machine to complete the quilt design.

Machine quilted guided by computer would be accomplished by a computer attached to the machine for the purpose of guiding the machine as it quilts the design.

The Quilt Show Committee and Judge have the final decision on quilt category and have the right to place a quilt in the most applicable category, or to consolidate categories if there are insufficient entries.

- A label must be attached on the lower back side of the quilt, stating the title of the quilt and quilt maker(s).
- All quilts must have a hanging sleeve. Please do not send any rods or hanging devices of your own.

HOW TO MAKE A SLEEVE

(1) Cut a fabric 8.5 inches wide by the width of the quilt. (2) Put a one half inch hem in each short end. (3) Fold the piece lengthwise wrong side out and (4) sew the long raw edges together with a quarter inch seam. (5) Turn right side out and press with the seam near the bottom. **If quilt length is greater than 90 inches the sleeve top shall be placed 90 inches from the bottom edge of the quilt.** (6) Sew the top and the bottom of the sleeve to the back of the quilt. Attaching the sleeve is generally by hand basting so that no stitches are seen on the front; however, that is left to the owner's determination.
