## **Lead Curriculum Designer and Facilitator; Environmental Justice Movement Fellowship**

[The New School](#)

New York, NY 10011

Remote

### **Full Job Description**

The New School is launching an innovative new leadership program for and with Environmental Justice movement leaders. In 2018, we embarked on an assessment of the need for and interest in an environmental justice movement leadership program, surveying and interviewing more than 200 movement leaders. From this research, we are developing a fellowship designed specifically to support the Environmental Justice (EJ) movement in responding to growing climate urgency and inequalities. The program seeks to focus on social movement and organizational effectiveness using the Just Transition Framework and parallel Just Transition strategies developed by movements on the frontlines of the climate crisis.

## **Associate Vice President of Technology (AVPT)**

[MINNEAPOLIS COLLEGE OF ART & DESIGN \(MCAD\)](#)

Remote

### **Full Job Description**

Description: **SUMMARY AND OBJECTIVE**

Reporting to MCAD's Chief Financial Officer (CFO), the Associate Vice President of Technology (AVPT) is the senior ITS leader of the college and instrumental in

supporting MCAD's vision in educating the next generation of creative, cultural leaders. The AVPT is responsible for the management and security of the college's academic, business/administrative and integrated technological assets and infrastructure including its services, shared, and secured systems. The position will also lead the coordination of institution wide technology planning, budgeting, coordination and policy. Additionally the AVP provides integral support and advice to Academic Affairs as they plan for equipment, software, hardware, etc. to ensure that the college's resources are at the best level for delivering excellent academic and co-curricular programming. The AVP leads the process for developing college wide policies and best practices for safely and effectively managing and using technological assets and systems. The AVP builds strong and productive relationships with all university leaders and constituents, communicating with and advising the MCAD community on technology data structures, policies, standards, procedures, methodology, etc. in order to achieve an integrated technology strategy that supports the college's goals. The Assistant Vice President of Technology must be sensitive to college needs, employee and student goodwill, and overall brand equity of MCAD as an employer and educational institution.

### **HRSA Project Administrator**

[University of Utah](#)

Salt Lake City, UT 84112

Temporarily remote

#### **Full Job Description**

This position is responsible to oversee the planning, implementation, and tracking of a 1-year Federally-sponsored project related to medical education in tribal and rural communities. The Project Administrator will work closely with two project co-directors and several other faculty leads as well as internal and external partners to ensure the scope and direction of each project is on schedule and within budget.

The Health Resources and Services Administration (HRSA) is the primary federal agency for improving access to health care services for people who are uninsured, isolated, or medically vulnerable. HRSA is supporting the University of Utah School of Medicine (SOM) under the direction of Dr. Ty Dickerson, Project Director, to develop this medical education project designed to prepare and encourage medical students to choose residencies and careers in primary care and serve tribal, rural and/or medically underserved communities after they graduate. Funding for this project begins July 1, 2021 and ends June 30, 2022. Financial support for this position beyond that timeframe cannot be assured.
