IRONMAN 4X4 GVM SUSPENSION UPGRADES

IRONMAN 4X4 GVM SUSPENSION UPGRADES

AUSTRALIAN CERTIFIED GVM SUSPENSION UPGRADES

Designed and tested for contractors and tradesmen carrying tools or equipment exceeding original vehicle manufacturer or legal load limits, or for off-roaders fitting a bull bar, winch or long range fuel tank yet still retain load carrying capacity.

The Ironman 4x4 GVM Upgrade will assist in satisfying OH&S, insurance and road transport regulation requirements. Ironman 4x4 has conducted all required testing to ensure complete integration with all safety systems and requirements as well as compliance to federal laws.

Ironman 4x4 GVM Upgrades come with a 2 year/40,000km warranty.

BOOKS

4WD SOUTH - MARK WILSON

Since buying my first truck in the mid 1990s, for both the “work” of surveying routes and for pleasure I have driven many thousands of kilometres on gravel roads, clay tracks and riverbeds in the South Island. Enough to learn that it is Mecca for those seeking adventure off the tarseal of State Highway .

Previous books in the 4WD South series, co-written with Ken Sibly, set a benchmark for clear, accurate and easily followed route notes. My latest book maintains that standard, and for the first time brings together between two covers the best routes from those earlier books, resurveyed and updated.
