**Vending Times Industry Research*

Mobile Wallet Use is Growing

It's all about profitability

- Make your vending equipment more profitable & convenient by implementing cashless

- Reducing the costs of filling your equipment with integrated remote reporting

With Cashless You Can Increase Sales!

1

You've Got To Take It To Make It

You won't miss the sale from a cashless customer.

2

Increase Same Machine Sales

On average, the industry is seeing **15% increase** in same machine sales after adding cashless.

3

Higher Priced Item Sales

Cashless allows you to enhance your product offerings with higher priced (better margin) products.

With Reporting You Can Reduce Your Costs!

- **Let technology alert you when you need to visit your machine** and use the rest of the time for the things you want or need to be doing
- **Manage your product sales and cash & cashless transactions online**
- **See what's selling and what isn't from your computer or mobile device**

In short cutting time and expense.
