

IN-STUDIO LESSONS

Lessons held in my studio are tailored to the individual needs, goals and learning styles of each student. Students learn music reading skills, technique, music theory, and are exposed to a variety of music styles and repertoire. One of my goals is to foster a deep love of music and help develop skills in a fun and interactive way.

Choose a 30 min., 45 min., or 60 min. lesson, and schedule a convenient time for you. All you need is an 88-key touch-sensitive keyboard or acoustic piano (recently tuned).

I recommend that beginner students ages 7-11 start with 30 min. weekly lessons. 45 or 60 min lessons are recommended for beginners ages 12 and up, intermediate and advanced students, and older beginners/adults.

Students ages 7-18 are welcome (though not required) to participate in recitals and other performance opportunities throughout the year.
