Reflection Upon Inquiries

Please take a moment to reflect upon the following inquiries and share your responses. You may attach additional page with your responses if needed. Thank you!

1. What does “Reiki Master” mean to me?
2. Why do I want to become a Reiki Master?
3. Do I practice self-care Reiki every day, even for 5 minutes? If not, why?
4. Where have I incorporated Reiki into my life other than self-care and working with clients or family? How has Reiki impacted those areas?

5. What, if any, experiences can I share about my self-care Reiki practice? Perhaps sharing a recent observation or experience that impacted you in someway.
6. What, if any, experiences can I offer about sharing Reiki with others? Again, sharing a recent observation or experience that impacted you or another in someway.
7. What, if any, experiences can I offer about sharing distant Reiki with the planet or others?
8. What gifts or passions have I recognized in myself that I want to bring forth and share with the world? How might I incorporate or weave my relationship with and the practice of Reiki into those gifts or passions? What might that look like?
