

Saskatoon Muzzle Loading Club

Membership application

Box 643, Saskatoon, Sask. S7K 3L7

www.smlc.ca

The Saskatoon Muzzle Loading Club is a club dedicated to keeping alive the safe shooting of black powder and antique firearms. We are always looking for new members that will be active in the club, participate in the shoots, and help to promote this fun traditional way of shooting.

Probationary members must demonstrate interest in our type of club such as shooting or collecting antique or reproduction type firearms. These people must show a true desire for the black powder sport. **Membership is not automatic** Final acceptance into the club will include consideration of attitude to gun safety and gun laws, personality, input into club such as attending shoots, meetings, work parties and other club events. **The key is active shooters.** If you are simply looking for a place to sight in your rifles, or to use for a restricted transport permit/transfer, the SMLC is not the place for you.

Probationary members will be reviewed twice a year in January at the AGM and again in June at the awards banquet. This will ensure sufficient time to evaluate prospective members for the security of the club, at the same time keys will be given out to give those coming into the club to give more freedom in the use of club facilities. Probation shall be a minimum of six (6) months.
